This **Certificate in Teaching IELTS** is an award of THE TESOL COLLEGE, delivered globally from the UK as a distance online course.

Introduction

The IELTS (International English Language Testing System) test of English is an examination testing the four skills of language (Listening, Reading, Writing and Speaking). It is jointly owned and administered by Cambridge English, IDP Australia and the British Council. A specified score in the IELTS test is a requirement of universities in the UK, Ireland, Canada, Australia and New Zealand for study at degree level for applicants from countries where English is not the medium of instruction in the state school system. It is also used as an indicator of ability in English for immigration. It is increasingly an accepted test to show general ability in English.

Teachers of English are becoming more and more involved in preparing students for the IELTS test. IELTS teaching is a specialisation and teachers equipped with a dedicated qualification in this field will produce better learning outcomes.

Course Aim

The aim of the course is to allow those wishing to teach IELTS preparation, those training to be teachers and those qualified or already teaching, who wish to build knowledge of the IELTS test and to become confident deliverers of courses preparing students for the test.
